

# SHEVELING

WINE ESTATE  
AT HOLMFIRTH VINEYARD

Holmfirth Vineyard OPEN as Usual

Last night we received the first of the government's daily press conferences relating to Covid19. Following this some customers have contacted us about bookings and we have confirmed that we are OPEN for business.

We therefore wanted to assure you that Holmfirth Vineyard are operating a strict cleaning regime as well as removing all plastic menus, side plates and cutlery from tables until required.

The health and well being of both our staff and customers is as always our top priority and we are constantly monitoring how we can ensure we have the best and safest facilities.

Rebecca & Ian together with our GM Tom and our dedicated team are here and are fully committed to keeping the Vineyard open for Tours wine tastings, restaurant bookings and events through this difficult time, whilst closely monitoring the advice given by the Government, all pre booked events will take place until the advice changes.

If you are cautious and want to keep your distance we have tables outside overlooking the beautiful Holme Valley and our conservatoires are well ventilated we have moved tables to the recommended 2m distance apart

Once again we want to thank you all for your continued support and we will keep you updated via our website and facebook page.

Any concerns please email [contactus@holmfirthvineyard.com](mailto:contactus@holmfirthvineyard.com).

Bec, Ian Tom and the Team
